Accomodation and adventure

Would you like to experience the real Thailand, off the normal tourist tracks? Why not stay in the countryside in beautiful Wang Chan, Rayong 150 kms southeast of Bangkok? You will stay in a well equipped thai-style wooden house. The house comprises of a living room, a small kitchen, a bathroom, a double bed bedroom and a

loft with two beds. The house is situated in the middle of an exotic fruit garden. A stream flows by just around the corner and our two thai horses are grazing in our field nearby. The private swimming pool is at your own disposal. The pool house relax area has a BBQ-set, a stereo, an internet-connected laptop – free to use, a refrigerator,

a shower and seating for up to 10 persons. The pool house also comprises of a double bed guestroom for larger groups.

Wang Chan is ideally located as a starting point for excursions. There are lots of things to do and see in the surroundings. You can rent motorcycles or a pickup from us. If you don't drive yourself I can take you around as your private guide and chauffeur. You may also use the minivan service based near the Novotel in Mae Phim. The beaches in Laem Mae Phim and Ban Phe are only about 40-50 kms away. From Ban Phe you can board the ferry across to the island Koh Samet which is a very beautiful national park with white sandy beaches and cozy restaurants right on the beach

Make excursions to temples, waterfalls, golf, dolphin riding, horse riding, fruit tasting, fishing, local markets, party places; everything is nearby.

You cook your own food or eat out in the village. You may also order take-away from us and we will deliver right on your porch.
